## TRIP TO CARBOLIC ACID BY MISTAKE AND DIES

... the scene of a tragic ac- ... Saturday afternoon ... who was employed ... took a dose of carbolic ... that it was medicine. ... been taking medicine ... of the drug store of Dr. ... being out of it he went

to the drug store for a fresh supply. Dr. Lindsey was out when called at the store and Mrs. Lindsey who was in charge of the store during the Doctor's absence declined to sell him the medicine, but permitted him to go to the stock of drugs and help himself.

Obtaining what he supposed to be the medicine Mr. Fink returned to the gin where he took a dose of it before he noticed his error. When he discovered his mistake he rushed back to the drug store for medical aid, and died soon after reaching the store.

Mr. Fink has been a resident of Cade for a number of years and during his residence there had made many friends.

He is survived by a wife and several children.

## CURE INSTEAD OF ARREST IS NEED OF DRUG ADDICTS (By Dr. A. R. Lewis, State Health Commissioner.)

Drug addicts for the most part are sick people and should be sent to an institution for treatment rather than arrested and sent to jail.

Investigation has proven that many "dope" users have innocently acquired the habit and therefore are not criminals at heart. It is later when they have become hardened and want the drug that they stoop to crime and become dangerous members to society.

Instead of sending them to jail to serve sentences they should be treated, and if found incurable, sent to an asylum.

The state has a number of reputa- ble institutions that cure narcotic ad-

dicts. It is probable that these would make special rates for treatment of people sent by the state.

Of course persons who could afford to pay, would not be treated at the state's expense. But this arrange- ment would give all the opportunity to be treated and would make possible the enforcement of a proposed law which requires that "all persons ar- rested and found to be users shall take treatment."

In addition to the improvement in health conditions over the state, such a bill would prove one of the great- est protective measures. Crime would materially lessen.

It is probable that a bill will be introduced at the next session of the legislature including these points and asking an appropriation of \$20,000 with which to carry them to a suc-

cessful conclusion. I shall do all I can to encourage the legislature to make the appropriation, as this would go as far toward checking the devel- opment of criminals as any way money could be spent.

# WE ARE THANKFUL

## For Your Splendid Patronage This Month

**W**E have lightened our stocks as the changing markets have required and you have secured many bargains that you have been wanting to buy. Of course we have had to face a large immediate loss, but we're glad the benefit went to our good customers. Besides we have bought many goods at new low prices on the markets and will soon be able to replace all our stocks on new basis of cost.

¶ The month of November is not over and our great "November Drive" is still to pre- sent wonderful opportunities for buying desired Merchandise at Lowered prices.

We hope you'll enjoy Thanksgiving as never before and make your plans to be here early Friday or Saturday morning and see what we have to offer you in
